

NON-SURGICAL THYROID & NECK TUMOR TREATMENT

INTRODUCING

Interventional Radiology Institute (GIRI)

Gleneagles Hospital
RICHMOND ROAD, BENGALURU

Non-Surgical Thyroid & Neck Tumor Treatment

The Gleneagles Interventional Radiology Institute (GIRI) represents the pinnacle of minimally invasive medical care. Our state-of-the-art facility houses advanced imaging technology and a dedicated team of specialists led by renowned experts. We offer precision treatments that transform traditional surgical procedures into minimally invasive solutions, providing better outcomes with faster recovery.

GIRI leads the way in non-surgical management of thyroid and neck tumors, offering hope to patients seeking alternatives to conventional surgery.

Key Services for Direct Patient

- Advanced ablation techniques
- Precision-guided procedures
- Minimally invasive treatments
- Expert tumor management

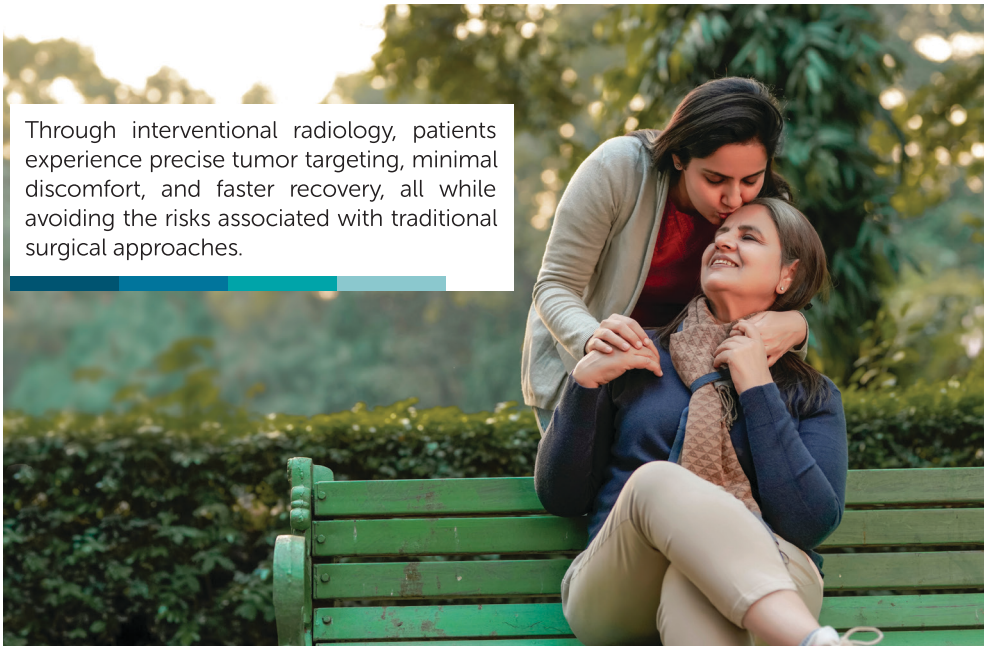

Conditions Treated

- Benign thyroid nodules
- Selected neck tumors
- Recurrent thyroid conditions
- Complex nodular disease

Through interventional radiology, patients experience precise tumor targeting, minimal discomfort, and faster recovery, all while avoiding the risks associated with traditional surgical approaches.
